County Reports

Contra Costa

- County health sites are planning to begin vaccinating the 5-11 age group as soon as CDC approval is given (likely November 5, 2021) and planning a campaign in the elementary schools in partnership with many local school districts.
- On Thursday, November 4, 2021, parents and caregivers are able to schedule appointments for kids ages 5-11 at county run vaccination sites. The pediatric Pfizer COVID19 vaccine is one-third the dosage given to teens and adults. Children ages 5-11 still must get two shots at least three weeks apart to get the maximum protection of the vaccine.

Lake

- Public Health is experiencing a critical shortage in nursing staff. The ability to stand up vaccination clinics is dependent upon nursing staffing levels. Current priority is to secure additional Public Health Nurses for full staffing.

San Francisco

- On November 2, the CDC endorsed the CDC Advisory Committee on Immunization Practices' (ACIP) recommendation that children 5 to 11 years old be vaccinated against COVID-19 with the Pfizer-BioNTech pediatric vaccine. The Western States Scientific Safety Review Workgroup confirmed the CDC recommendation for pediatric vaccination on November 3. San Francisco Department of Public Health (SFPDH), health system partners, and pharmacies began administering the vaccines on November 4 in select locations, with SFPDH-affiliated spots and four school sites initially reserved for children in highly-impacted neighborhoods where access is crucial.
- On November 5, 2021 San Francisco Department of Public Health, health system partners, and pharmacies began administering COVID-19 vaccinations to children ages 5 – 11.
- Starting on November 8, 2021 non-citizen, non-immigrant air travelers to the United States will be required to be fully vaccinated and to provide proof of vaccination status prior to boarding an airplane to fly to the U.S. unvaccinated travelers – whether U.S. citizens, lawful

permanent residents, or the small number of excepted unvaccinated foreign nationals – will now need to test within 1 day of departure (previously 3 days).

Stanislaus

- Elite Urgent Care to provide mAB to community with personnel and supply support from EMSA for November.

Tehama

- Moving forward, Logistics Health Incorporated (LHI) will be providing mix and match booster vaccines and eventually they will be administering peds COVID vaccines to the eligible 5-11 year old population.
- No longer able to offer acute care, pediatrics, and wound care at Lassen Medical Clinic (LCM-Cottonwood)--this is expected to continue until January 2022 due to the loss of critical staff and providers from the COVID vaccine mandate.

Yuba-Sutter

- Surge planning for holiday season with anticipation that Shasta's surge build out may demobilize soon.

Yolo

- Vaccinate 5-11 year olds starting November 4, 2021.
